Project Recap

Social Buzz is a fast growing technology unicorn that need to adapt quickly to it's global scale. Accenture has begun a 3 month POC focusing on these tasks:

- An audit of Social Buzz's big data practice.
- Recommendations for a successful IPO.
- Analysis to find Social Buzz's top 5 most popular categories of content

Problem

- Over 100000 posts per day
- 36,500,000 pieces of content per year!
- But how to capitalize on it when there is so much?
- Analysis to find Social Buzz's top 5 most popular categories of content

A decorative grid of dots is positioned on the left side of the slide, spanning most of its height and width. The dots are arranged in a regular pattern, with some rows being slightly offset from others, creating a textured, grid-like background.

Summary

- There are a total of 16 distinct content categories. Out of which Animal and Science categories are the most popular one.
- 4 types of content- Photo, Video, GIF and Audio, out of which people prefer photo and video the most.
- May month has the highest number of posts and stands at 2138 posts, while February month has the lowest number of posts (1914 Posts)

Conclusion

- Social Buzz should focus more on the top 5 categories that's Animal, Technology, Science, Healthy eating and food and can create campaign to specifically target those audiences.
- Social Buzz can need to maximize in the month of January, May and August as they number of posts in these months are the highest.

Thank you!
